

400L DB Coil

Technical remarks:

1. Tank diameter is $\varnothing 650\text{mm}$. Outer shell is SUS304 $\delta=0.5\text{mm}$.
2. Inner tank diameter is $\varnothing 550\text{mm}$. Material is Duplex $\delta=1.5\text{mm}$.
3. Copper coil $\varnothing 9.52\text{mm} \times 55\text{m}$. 2 sets of SUS316L wave coil $\varnothing 28\text{mm} \times 15\text{m}$;
4. The insulation is 50mm Polyurethane.
5. All connections are female.
6. Hot and cold connections are inside piped to top and bottom.
